

NEW M.S. ENGINEERING WORKS

(An ISO 9001:2008 Certified Company)

.....ENHANCING LIFESTYLE, DURABLE, THE LIVING LEGEND

STANDARD QUALITY, INNOVATIVE PRODUCTS, CUSTOMIZATION

WHO WE ARE

Welcome to the world of food service equipments, New M.S. Engineering works. Foundation of New M.S. Engineering Equipments is commitment to quality. The company has always represented quality with due value added approach to its customers. M.S. Engineering Equipments offers product solutions with dedicated hard work and innovations. This gives the company a substantial advantage over its competitors.

All our products are globally acclaimed for their excellent features such as durability, unique design and smooth operation.

A well laid infrastructural set up with latest technological advancements has enabled us to meet the voluminous demands of customers across the globe. We have a team of skilled professionals with ample industrial experience who carry out the whole manufacturing process.

Satisfaction of our valued customers is the Mission Statement of our company. We provide quality services in Planning, Custom Designing, Manufacturing, Installing, commissioning and After Sales Support. Our client base extends to renowned Hospitality Industries, Software Institutions, Industrial Canteens, Educational Institutions, Hospital, Hostels, Resorts, Clubs & Messes in the Armed Forces etc.

We are pleased to introduce ourselves as one of the leading manufacturers of Commercial Kitchen Equipments, Refrigerated Equipments & Bend Glass counters and its allied products.

We specialize in the manufacturing of high quality, UL approved, stainless steel food processing equipments, such as vacuum tumblers, mixers, mixer grinders and stuffers. We also offer a line of N.S.F approved custom packing grade tables, cabinets, and other food preparation accessories.

New M.S. Engineering has now broached out into multiple forays such as product and Process consulting, Innovation in Technology and facilities (plants), product development, new product line concepts and more.

Today, New M.S. Engineering is high on the radar of large, medium and niche market players who are looking at intelligent consulting, products and services that deliver quick Return on Investment (ROI) and can be sustained as long term benefit.

For years New M.S. Engineering Works has been serving the Hospitality Industry with pride and perfection. We undertake projects from planning of kitchens, to manufacturing and installation of food service equipments. Our team of experts makes sure that each of our equipment is pleasure to use for every chef. We also undertake customized fabrication of kitchen equipment. our complete range of products include cooking ranges, bulk cooking systems, combo ovens and steamers, exhaust systems, mixers, milk & water boilers, sandwich grillers, coffee machine etc. Our range of Indian & imported foodservice equipment provide one solution for all kitchen requirements. Our quick response after sale service is to the highest level of satisfaction.

Accentuating on quality and streamlining of manufacturing process, we stay ahead of our competitors by providing our clients with one stop solution for their requirements.
